# INSPIRATION

## 灵感

Sospesa tra cielo e mare, l'isola di Portland custodisce una pietra nata dal respiro profondo della terra. Frutto di ere geologiche e fossili, questa pietra calcarea racconta una storia scritta nel tempo, tra le onde e il silenzio della natura.

La serie reinterpreta questo patrimonio inestimabile con uno sguardo poetico: non una semplice replica, ma una rinascita creativa che conserva l'anima della pietra originale. Le sue superfici evocano la purezza incontaminata della natura e la sua imprevedibile fantasia, rivelando venature leggere, toni morbidi e una texture che vibra come un'eco antica.
